

TestAmerica Ask the Expert Webinar Series

2017 SCHEDULE

The webinar series features technical presentations that address environmental laboratory products, processes and services. Each webinar will consist of approximately 45 minutes of material presentation including real time audience feedback followed by a question and answer session with the presenting expert. Our experts will remain on the webinar to field all of your questions relating to the current topic.

See our website for further information and to register for the webinars. Please contact Patricia Mclsaac at Patricia.Mclsaac@TestAmericaInc.com if you have any questions.

TestAmerica is recognized as the industry's technical leader, focusing on global concerns related to environmental testing. Featuring over 30 industry professionals, TestAmerica's "Ask the Expert" program allows any individual with a question relative to environmental testing to access the thoughts and opinions of recognized experts in their field through a free, easy to use online platform.

All webinar attendees will receive a certificate of attendance with PDH Credit issued by TestAmerica. Certificates will be emailed following the presentation. Please check with your state requirements.
