

# TestAmerica Ask the Expert Webinar Series

## 2018 SCHEDULE

TestAmerica is recognized as the industry's technical leader, focusing on global concerns related to

environmental testing. Featuring over 30 industry professionals, TestAmerica's "Ask the Expert" program allows any individual with a question relative to environmental testing to access the thoughts and opinions of recognized experts in their field through a free, easy to use online platform.

The webinar series features technical presentations that address environmental laboratory products, processes and services. Each webinar will consist of approximately 45 minutes of material

presentation, including a question and answer session with the presenting expert. Our experts will remain on the webinar to field all of your questions relating to the current topic.

See our website for newly added webinars, updates and to register for all webinars. Please contact Patricia Mclsaac at [Patricia.Mclsaac@testamericainc.com](mailto:Patricia.Mclsaac@testamericainc.com) if you have any questions.

All webinar attendees will receive a certificate of attendance with PDH credit issued by TestAmerica. Certificates will be emailed following the presentation. Contact your state to determine whether these credits meet the guidelines set forth by your state's board.

#### WEBINAR TITLE

WEBINAR TITLE	Date	Encore	Presenters
Treatability 101: What is a Treatability Study?	1-9-18		Bradley Suedbeck
Comparative Review of Analytical Methods for Determination of 1,4-Dioxane	1-18-18	9-13-18	Eric Redman
EPA's Revision to the 40 CFR Part 136 Method Detection Limit (MDL) Procedure	1-23-18		Dr. Richard Burrows
TPH - A Simple Concept?	1-30-18	9-18-18	Bryce Stearns
Enhanced Hydrocarbon Fingerprinting Methods - Part One	2-20-18	9-25-18	Dr. Kesavalu 'Doss' Bagawandoss
Enhanced Hydrocarbon Fingerprinting Methods - Part Two	2-22-18	10-16-18	Dr. Kesavalu 'Doss' Bagawandoss
Using Passive Sampling as a Decision Making Tool	3-1-18		Bruce Wagner & Jeff Roberts
Analysis of Hydrocarbon Gases in Water	3-8-18		Dr. Mark Bruce & David Gratson
Understanding Hazardous Waste Delisting Requirements - An Opportunity for Cost Savings	3-15-18		Patricia Mclsaac & Dr. William Miller
Vapor Intrusion - Part One	3-27-18		Taryn McKnight
Vapor Intrusion - Part Two	4-17-18		Taryn McKnight
The Analysis of Polyfluorinated Alkyl Substances (PFAS) - Basic Concepts	4-24-18	10-30-18	Karla Buechler
The Analysis of Polyfluorinated Alkyl Substances (PFAS) - Challenges and Best Practices	5-15-18	11-13-18	Karla Buechler
Total PCB and Congener Analysis - Part One	5-22-18		Eric Redman
Total PCB and Congener Analysis - Part Two	6-5-18		Eric Redman
Ground Water Sampling and Analysis for PFAS: Best Practices and Myths	6-7-18	11-29-18	Karla Buechler & Dave Kaminski
Closing the PFAS Mass Balance: The Total Oxidizable Precursor (TOP) Assay	6-19-18	12-11-18	Karla Buechler
Introduction to Incremental Sampling Methodology	6-26-18		Mark Bruce
Whole Effluent Testing (WET) - Methods, Approaches, and Interpretation of Toxicity Results	7-17-18		Mike Stanaway
The Next Generation of Leaching Methods, U.S. EPA's LEAF Methods	7-24-18		Patricia Mclsaac, Larry Matko, & Regan McMorris
An Environmental Testing Laboratory's Approach to Incident Response Support	7-31-18		Patricia Mclsaac
A Review of Lead Sampling, Analytical and Data Evaluation Approaches	8-14-18		Mike McGee
Topics in Radiochemistry	8-21-18		Terry Romanko
Dredged Material Evaluations: An Environmental Testing Laboratory's Perspective	12-18-18		Patricia Mclsaac

#### 4 PART WEBINAR SERIES: Data Quality & Efficiency in Laboratory Projects - How your project team can successfully interface with an environmental testing laboratory to identify areas of process improvement in quality, sampling, analysis and data delivery.

1. Overview of Environmental Testing Laboratory's Quality and Ethics Program	2-13-18	9-4-18	Ray Frederici
2. The Relationship of the Field Sampler & the Lab	3-6-18	10-2-18	Patricia Mclsaac
3. Inside the 'Black Box' of an Environmental Testing Laboratory - Basic Analytical Procedures	4-3-18	11-6-18	Karla Buechler
4. So Many Choices in Data Delivery, So Little Time	5-1-18	12-4-18	Jackie Trudell & Erin Arasate

*Supporting the Quality You Demand, the Consistency You Seek and the Value You Expect.*
